Costa Celeste – Apartments in Playa del Carmen near the sea

Costa Celeste is an exclusive apartment development located in Playa del Carmen, one of the most attractive destinations in the Mexican Caribbean. Designed to offer a relaxed and sophisticated lifestyle, this project combines modern architecture, nature, and amenities designed for well-being.

The development features a central park surrounded by tropical vegetation that connects the different areas of the project, creating an atmosphere of calm and privacy. Amenities include a lobby, gym, coworking space, kids' club, yoga garden, social area, and spaces designed for socializing.

On the rooftop you can enjoy a swimming pool, lap pool, hot tub, solarium, terraces and social areas with open views, ideal for relaxing or socializing with friends.

Costa Celeste is located just steps from the sea and offers easy access to restaurants, shopping centers, services, and the main attractions of the Riviera Maya. Furthermore, it is only 45 minutes from Cancun International Airport, making it an excellent option for both living and vacation rental investment.

The project offers different types of apartments, from studios to 2-bedro... (Continúa en la web)
